

My name is Ms. Natalie. I have been working in child care for 5 years. I am currently taking my Montessori training at Edmonds Community College. Last year I assisted Ms. Michelle in the Kindergarten classroom and this year was ready to take on my own PreK class. Teaching is my passion. My mom is a first grade teacher and she had given me my love for learning and teaching in the classroom. Working in a Montessori environment has changed the way that I look at learning. Watching my children succeed is my greatest accomplishment.
